United States District Court  
Clerk Office

San Juan, P.R. 00918-1767

Honorable Court:

In regards to the "Junta de Control Fiscal" Plan for the Financial Adjustment of P.R. debt; I will state that I am in complete disagree. The "Junta de Control Fiscal" is considering all the pensionated employees as one type and that is wrong. There are some retired pensionated employees that retired under the "Ley 70" and we are not receiving a Retirement Pension, we are receiving an annuity under a contract with the state, in which the state made the compromise of keep the same income as a permanent annuity for life; with the employee compromise

of refuse the governmental -  
Retirement benefits in were  
they accept a lower % of  
income retirement, no medical  
insurance help from the gov., no  
bonus of any type, no income  
annual increase or the privilege  
of loan opportunity from the  
"Fondo de Retiro" and also no  
privilege of Life Insurance.  
As you see, we did not have  
any benefit from the "Fondo  
de Retiro", they are only the  
Office responsible to deal with  
the annuity payments.

It is very unfair that if we  
do not received the benefits from  
"Fondo de Retiro", now the "Fondo  
de Control Fisco" consider us  
in the same way of those  
that for being receiving the  
benefits and for not lose the  
sacrifices we did to help the  
Country finances.

I am asking with respect to this Court to refuse the "Junta de Control Fiscal" financial adjustment Plan, and ask them to reconsider the impact of a reduce the pension of retired employees of the Gov. of P.R., and consider the "Law 70" Retired is a different way and not touch their pension. I consider that a decrease impact on our income place the Gov. of P.R. as delinquents, committing fraud in a contract, with the knowledge that one day, they will be unable to comply with, because at that time they were aware of the financial situation of the country, and what can come further.

Also affect us severely, I am already in bankruptcy, if I get a decrease in my income I will not have a way to survive. Unfortunately the people who had work all →

their lives, the government punish them and refuse to give them any benefit from the government. They only help those "parasites" that doesn't want to work and live from the government benefits.

Mr children, is not an excuse not to work, I raised three and worked all my life and never neglect my kids. I

Mr suffered from different chronic illness and I did not neglected my job or use them as an excuse not to work.

but now I can not receive any government help because I have an income from Sec. Sec. and an annuity from the gov. of P.R.

Please, hear me, and use this letter as a resource to do justice to Law 70 Retired.

Thank you!

Cordially yours.
